

HEARTLAND PUMP RENTAL & SALES, INC.

DISTRIBUTOR OF GODWIN DRI-PRIME PUMPS

888-272-7143

CLEAN ROOM

Heartland Pump Rental & Sales, Inc. is dedicated to expanding our knowledge, personnel and equipment, to help us in our business. In keeping with this tenant, we are in the process of constructing clean rooms at our corporate headquarters to aid in the repair process.

The clean rooms will be used by the mechanical and electrical department in the rebuild process to keep foreign material out which can increase the life of the rebuild.

The mechanical and electrical department will use the clean room facilities for the overall cleanliness in rebuilding submersible electric pumps and diesel engines after they have been cleaned, disassembled, and inspected elsewhere.

The bays will be fully stocked with all necessary equipment, including — stands, specialized lighting, and a hydraulic crane. The construction of this area will be completed by end of 2010.

For a repair quote, please call 888-272-7143 and we will direct you to the sales representative in your area. Remember at Heartland Pump — WE'VE GOT YOU COVERED!
