

HEARTLAND PUMP RENTAL & SALES, INC.

DISTRIBUTOR OF GODWIN DRI-PRIME PUMPS

888-272-7143

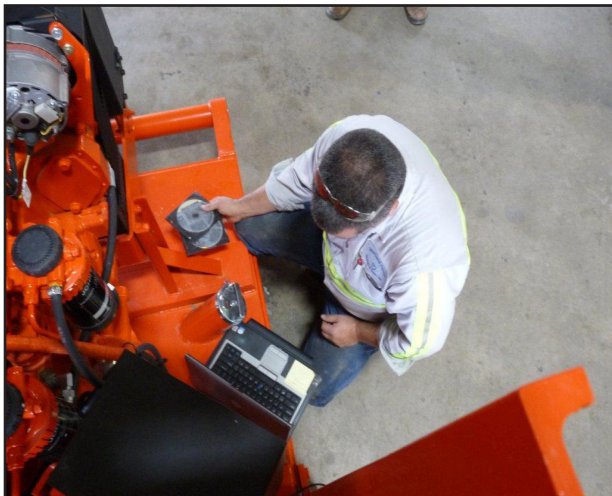

JOHN DEERE DIAGNOSTIC PROGRAM

Heartland Pump Rental & Sales, Inc. is a dealer for John Deere Industrial. By being a dealer, we have numerous benefits that help us keep our fleet of John Deere engines running, but we are also able to use this technology on our customer's equipment.

The John Deere computer diagnostic program allows us to test newer, computerized engines to determine any issues. This program is updated quarterly, to keep the information as up to date as possible.

In conjunction with the computer diagnostic program, we have access to John Deere's dealer website which offers parts breakdowns and manufacturer's specifications. We also have the ability to order parts online, including rush orders.

With our own fleet of John Deere engines, we do stock a wide array of parts at each of our facilities. This can be beneficial to you for emergency situations.

For pricing and availability, please call 888-272-7143 and we will direct you to the sales representative in your area. Remember at Heartland Pump — WE'VE GOT YOU COVERED!
