

# HEARTLAND PUMP RENTAL & SALES, INC.

DISTRIBUTOR OF GODWIN DRI-PRIME PUMPS

888-272-7143

## ONSITE SERVICE and REPAIR

Along with their expertise, we also provide all of our operational employees safety training — including OSHA 10 hour, MSHA surface and underground, and the following annual training courses: CPR/First Aid, confined space, fall protection, HAZCOM, HAZWOPER, cranes, scaffold, forklift, lockout/tagout, respiratory protection and numerous other safety topics.

For information, please call 888-272-7143 and we will direct you to the sales representative in your area. Remember at Heartland Pump — WE'VE GOT YOU COVERED!

Heartland Pump Rental & Sales, Inc. is not just a rental or sale company — we have a large staff of mechanics, electricians, machinists and welder/fabricators available to not only keep our equipment in top form, but to repair and service our customer's equipment.

Each one of our facilities has fully stocked service trucks with the capability of providing onsite repair and service. Whether servicing our rental equipment during a long-term rental, to pulling submersible pumps in wetwells, to trouble-shooting a customer issue, we have the equipment.

Along with the investment in equipment, we have hired a staff of individuals that work as a group to form a complete pumping All-Star Team. Each member offers a different specialty that, not only makes our equipment and our customer's equipment run smoothly, but offers a unique perspective that helps us engineer solutions for our customers.
