

HEARTLAND PUMP RENTAL & SALES, INC.

DISTRIBUTOR OF GODWIN DRI-PRIME PUMPS

888-272-7143

WELDING and FABRICATION SHOP

Heartland Pump Rental & Sales, Inc. feels that our greatest asset is our employees. To that end, we have hired a group of outstanding welders and fabricators that can take a simple idea, and produce a welding masterpiece.

Whether they are fabricating a simple reducer, to an off-road trailer for the Godwin Pump, to a 12' x 30' x 4' float to handle large turbine pumps in a pit, they have the expertise and knowledge to make any idea into reality.

Along with our fabrication shop at our corporate office, each of our branches is outfitted with their own welding shop. We also have welding machines on numerous service vehicles to handle on site emergency repairs.

In conjunction with our sales staff and engineering department, our welding staff is available to visit your site to review your needs and offer to you a viable solution to your issues.

To schedule a meeting, please call 888-272-7143 and we will direct you to the sales representative in your area. Remember at Heartland Pump — **WE'VE GOT YOU COVERED!**
